From the President

Well out class went just fine. We had 5 people test, 4 from the class, and 1 guy from Union City. All 5 people passed their Technician Class test.

Looks like everything for the hamfest is on target, so that's going well. We need volunteers for the hamfest so please sign up to volunteer.

I would like to thank Dr. Bob McFarland – AD9AW, for all of his work in the Treasury and how he got things done and working Smoothly.

Well we're hoping things out at the EMA building are on track. We are trying to get the tower from Matter Park and some funding for it. So everybody keep their fingers crossed.

Easter is just around the corner. We wish everybody a Happy Easter and we will see you again on the air.

Stay Radio Active

Thanks your Club President
 Mitch Miller - W9DDX

From the Editor

On March 28th we finished our first Technician Class. We had a total of 4 students in the first class that ran for 8 weeks. All 4 of the students passed their Tech License Exam and are now waiting for their callsigns from the FCC. The instructors would like to congratulate you for the fine job that you did. Below are some pictures of the class.
